Index

Archives of Physical Therapy, X-Ray, Radium

Volume IX

1928

Subject and Author Index

A

ACTINOTHERAPY
—a new journal, (ed) 9:561., Dec. '28.
—occular accidents of, and their prophylaxis, (P. Toulant) J. de radiol. et d'electrol. (ab) 9:89, Feb. '28.
ALAMANNI, R., The application of diathermy in gynecolcology, Actinoteragia—Fortschr. a. d. Geb. d. Roentgenstrahlen (ab) 9:430, Sept. '28.
ALGRAIS, P. and **BELLOT, A.**, Radium therapy of tuberculosis skin and gland diseases, PresseMed. (ab) 9: 516, Nov. '28.
AMENORRHEA
—x-ray treatment of, report of 38 cases, (I. I. Kaplan) Am.J.Obst.&Gynec. (ab) 9:426, Sept. '28.
ANDERSON, J., Surgical diathermy in breast cancer, application of arc electrode or cutting current to radical operation, Brit.J.Surg. (ab) 9:232, May '28.
ANDERSON, W. T., Jr., Effective ultraviolet, 9:301-304, July '28.
ANEMIA
—pernicious, treatment of with liver diet and irradiated ergosterin, (G. Rosenow) Klin.Wchnschr. (ab) 9:131, Mar. '28.
—secondary—its treatment, (J. Jongewaard) 9: 504-506, Nov. '28.
APPARATUS
—a new type applicator for use in the treatment of malignancy of the cervix, (I. I. Kaplan) Am. J. Roentgenol. (ab) 9:70, Feb. '28.
—new urethral electrode, (A. J. Monroe & E. Greenberger) Urol.&Cuta.Rev. (ab) 9:335, July '28.
—new epididymis clamp for diathermy, (A. Crance) J. Urol. (ab) 9:384, Aug. '28.
—fundamentals in electro-medical technic, (new galvanic connecting apparatus) (G. Oppenheim) Klin.Wchnschr. (ab) 9:516, Nov. '28.
—practical, for measuring dosage of ultraviolet rays, (B. Rajewsky) Strahlentherapie (ab) 9:515, Nov. '28.
ARMAN, L., Experimental contributions to the study of the antagonistic effect of irradiation of different wave lengths, Radiol.Med.—Fortschr.a.d.Geb.d.Roentgenstrahlen (ab) 9:131, Mar. '28.
ARMSTRONG, J. J. P., Radiant light in gonorrheal ophthalmia, PhysicalTherap. (ab) 9:336, July '28.
ARTHRITIS
—rheumatoid, (M. L. H. Arnold Snow) PhysicalTherap. (ab) 9:332, July '28.
—(F. Nagelschmidt) 9:536-538, Dec. '28.
ASTHMA
—bronchial, desensitization of patients by diathermy of the spleen, (R. Gassul) Weatschebnogedelo.—Fortschr.a.d. Geb.d.Roentgenstrahlen. (ab) 9:137, Mar. '28.
—bronchial, diathermy of the spleen, (R. Gassul) Deutsche Med. Wchnschr. (ab) 9:382, Aug. '28.
—infra-red and ultraviolet ray in the treatment of bronchial asthma, (H. B. Wilmer) 9:18-21, Jan. '28.
—treatment of, with ultraviolet rays, (J. Saidman) J.de med.deParis (ab) 9:34, Jan. '28.

B

BACKACHE
—physical means in the correction of certain lower backaches, (F. H. Ewerhardt) 9:249-254, June '28.
BAENSCH, W. and **FINSTERBUSCHE R.**, Clinical experience with the therapeutic application of cathode rays, Munchen.Med.Wchnschr. (ab) 9:282, June '28.
Further clinical observations in cathode ray treatment, Klin.Wchnschr. (ab) 9:429, Sept. '28.
BARENBERG, L. H. and **LEWIS, J. M.**, The effect of carbon arc irradiation on the health of a group of infants, J.A.M.A. (ab) 9:240, May 28.
BARNEY, J. D., Early diagnosis of malignant disease of the urinary tract, NewEnglandJ.Med. (ab) 9:568, Dec. '28.
BASSLER, A., Some medical aspects of gall-bladder disorders, 9:263-265, June '28.
BASU, S. K. and **RANCHI**, Ultraviolet ray in gynecology, The antiseptic (ab) 9:286-287, June '28.
BATHS
—reactions of the body to the short cold bath, (W. H. Riley) Am. J. Surg. (ab) 9: 474, Oct. '28.
BAYEUX, R., and **VAUGEOIS, G.**, The use of a gas as a vehicle for the introduction of radioactive emanations, J.deMed.deParis (ab) 946, Jan. '28.
BAZY, L., Experimental effect of roentgen rays on development of infections, Bull.Acad.deMed.Paris (ab) 9:427, Sept. '28.
BECKER, J., Effective dosage in the quartz light treatment of erysipelas, Munchen.med.Wchnschr. (ab) 9:95, Feb. '28.
The active dose in the treatment of erysipelas, Munchen. med.Wchnschr. (ab) 9:190, Apr. '28.
BEDFORD, T. H. B., Nature of action of ultraviolet rays on micro-organisms, Brit.J.Exper.Path. (ab) 9:237-238, May, '28.
BERNARD, O., Twenty-five years of heliotherapy of surgical affections, Strahlentherapie (ab) 9:518, Nov. '28.
BIERMAN, W., Removal of hemorrhoids by means of high frequency current, 9:548-553, Dec. '28.
BILIARY TRACT
—Infection and toxemia with medical and physical therapy treatment, (H. M. Johnson) 9:452-458, Oct. '28.
BINGER, C. A. L., and **CHRISTIE, R. V.**, An experimental study of diathermy, measurement of lung temperature, J.Exper.Med. (ab) 9:141, Mar. '28.
Experimental study of diathermy, temperature of the circulating blood, J.Exper.Med. (ab) 9:142 Mar. '28.
Experimental study of diathermy, the condition necessary for the production of local heat in the lungs, J.Exper. Med. (ab) 9:142, Mar. '28.
BLAINE, E. S., Economics in roentgenology, Ill.Med.J. (ab) 9:513, Nov. '28.
Facts and fancies regarding the use of x-rays in progressive medicine, Ill.Med.J. (ab) 9:514, Nov. '28.
BLECH, G. M., Present day status of physical methods in surgical diseases, 9:289-295, July '28.
BLUMENFELDT, E., Chronaxy and its significance for electrodiagnosis, Klin.Wchnschr. (ab) 9:518, Nov. '28
BOHM, M. Treatment of severe cases of infantile paralysis, Die.Med.Welt (ab) 9:236, May '28.
BOND, C. J., Irradiated ergosterol as a wound dressing, Brit. M.J. (ab) 9:424, Sept. '28.
BONE
—and joint injuries, treatment of, (F. H. Walke) 9:443-447, Oct. '28.
BORAK, J., On a new method of treating pruritis senilis, Strahlentherapie (ab) 9:517, Nov. '28.
BORDIER, F., Cancer of radiologists, J.deRadiol.et d'electrol., (ab) 9:94, Feb. '28.
Cure of roentgen carcinoma by diathermcoagulation, Acta Med.Scandinav. (ab) 9:34, Jan. '28.
Diathermic heat is not the result of the Joule effect, Presse.med. (ab) 9:237, May '28.
Indications of the millimeter in the evaluation of the heat produced by diathermy currents, Brit.J.Radiol. (ab) 9: 471-472, Oct. '28
Infantile paralysis treated by x-ray and diathermotherapy, J.deRadiol.et d'electrol., (ab) 9:94, Feb. '28.
Presentation of a case of chronic anterior poliomyelitis treated years ago by radio-diathermotherapy, J.deRadiol. et d'Electrol. (ab) 9:87, Feb. '28.
BOURGUET, J., Failures of roentgen therapy in hypophyseal tumors, Ann.d'ocul. (ab) 9:426, Sept. 28.
BOUSSI, P., Effect on the eye of sun and artificial light, J. de.med.de.Paris (ab) 9:44-45, Jan. 28.
BOWING, H. W., Carcinoma of the thyroid gland with special reference to surgery nad irradiation, Radiol.Rev. (ab) 9:333, July '28.
BRAASCH, W. F., Stricture of the ureter, J.A.M.A. (ab) 9:586, Dec. '28.
BRAMS, J. and **LAVIERI, J. R.**, Use of iodized oil for the x-ray examination of disease of the female pelvis, Ill. Med.J. (ab) 9:521, Nov. '28.
BREMERMAN, L. W., Therapeutic value of diathermy in urology, 9:389-392, Sept '28.
BRIAND, Diseases of the cervix uterus, ProgresMed. (ab) 9:284, June '28.
BRONCHITIS
—chronic, of children, clinical value of quartz light therapy, (H. H. Perlman) 9:100-107, Mar. '28.
BROOKE, C. R., Adjuvant action of diathermy in nasal accessory sinus diseases, PhysicalTherap. (ab) 9:424, Sept. '28.
BROOKS, H. L., Physical aids as an adjunct in the treatment of certain eye, ear, nose and throat conditions, 9:167-171, Apr. '28.
BROSS, K. and **WEEKONSKI, R.**, Radium treatment of a case of lung and pleural metastasis from carcinoma of the breast, Med.Prak.—Fortschr.d.Med. (ab) 9: 282, June '28.
BROWN, S., Roentgenological study of the neck, Am.J. Roentgenol. (ab) 9:511, Nov. '28.
BRUCK-BIESOK, V., PIRQUET, C., and **WAGNER, R.**, Rickets, prophylaxis, Klin.Wchnschr. (ab) 9:92, Feb. '28.
BRUNTON, C. E., Radium and blood cholesterol, Quart.J. Med. (ab) 9:85, Feb. '28.
BUDEN, Diathermy and menstruation; diathermic treatment of dysmenorrhea, Progres.med. (ab) 9:151, Apr. '28.
BUFF, J., The use of the d'Arsonval current in the removal of tonsils, J.M.A.Georgia, (ab) 9:232-233, May '28.

C

CAHALL, W. L., Electrosterilization of the tonsils, Texas StateJ.Med. (ab) 9:189, Apr. '28.

CAMILLE, BRU, Ultraviolet light in whooping cough, J.de radiol.et.d'electrol. (ab) 9:90, Feb. '28.

CANCER
—breast, results in combined surgery and x-ray treatment, (R. T. Pettit) 9:254-257, June '28.
—breast, surgical diathermy in, application of arc electrode or cutting current to radical operation, (J Anderson) Brit.J.Surg. (ab) 9:232, May '28.
—carcinoma of the breast, with electrical resection and radiotherapy, (B. H. Orndoff) Ill.M.J. (ab) 9:239-240, May '28.
—carcinoma of the thyroid gland with special reference to surgery and irradiation, (H. W. Bowing) Radiol.Rev. (ab) 9:333, July '28.
—carcinomatous disease process of tissues, (B. Sokoloff) LesNeoplasmes (ab) 9: 517, Nov. '28.
—cure of roentgen carcinoma by diathermocoagulation, (H. Bordier) ActaMed.Scandinav. (ab) 9:34, Jan. '28.
—electrodiathermic methods in the treatment of inoperable cancer of the breast, (W. H. Schmidt) 9:13-17, Jan. '28.
—experimental basis of radium therapy in cancer, (S. Russ) Am.J.Phys.Therap. (ab) 9:384, Aug. '28.
—indications for radium therapy in uterine carcinoma, (P. Decker) Schweiz.med.Wchnschr. (ab) 9:428, Sept. '28.
—laryngeal, treatment of, SenyPresseMed. (ab) 9:519, Nov. '28.
—of cervix, x-ray and radium treatment of, (R. E. Fricke) Radiol.Rev.(ab) 9:510, Nov. '28.
—of radiologists, (F. Bordier) J.deRadiol.et d'electrol. (ab) 9:94, Feb. '28.
—Of uterus, present status of therapy, (J. O. Polak) Radiol Rev. (ab) 9:509, Nov. '28.
—palliative treatment of inoperable carcinoma, (J. K. Narat) 9:26-34, Jan. '28.
—present state of curie therapy of carcinoma, (O Schurch) Schweiz.Med.Wchnschr. (ab) 9:191, Apr. '28.
—present state of the irradiation question in the treatment of cervix carcinoma, (W. Furst) Archiv.f.Gynak. (ab) 9:139, Mar. '28.
—present state of roentgen therapy in carcinoma of the cervix, (W. Furst) DieMed.Welt (ab) 9:429-430, Sept. '28.
—radiation therapy in the treatment of inoperable carcinoma, (B. C. Cushway and R. J. Mayer) Ill.M.J. (ab) 9:77, Feb. '28.
—radiotherapy of cancer of the cervix at the radium institute, Paris, France, (M. Lenz) Am.J.Roentgenol. (ab) 9:64, Feb. '28.
—radiotherapy in carcinoma of the ovary, (F. A. Ford) Am.J.Obst.&Gynec. (ab) 9:474, Oct. '28.
—radium statistics of carcinoma of the cervix uteri, (G. G. Ward and L. K. P. Farrar) J.A.M.A. (ab) 9:566, Dec. '28.
—relaton between structure and prognosis in cervical carcinoma under radiation treatment, (W. P. Healy and M. Cutler) Am.J.Obst.&Gynec. (ab) 9:516, Nov. '28.
—senile cutaneous keratoses in relation to cancer, J.A.M.A. (ab) 9:284, June '28.
—skin cancer diagnosis and treatment, (W. H. Harley) J.M.A.Georgia, (ab) 9:333, July '28.
—studies in Massachusetts, habits, characteristics and environment of individuals, with and without cancer, (H. L. Lombard and C. R. Doering) NewEnglandJ. Med. (ab) 9:383-384, Aug. '28.
—the cancer problem, (J. F. Percy) Southwest.Med. (ab) 9:565, Dec. '28.
—three phases in the treatment of, and histogenetic radiation therapy, (P. Lazarus) DeutscheMed.Wchnschr. (ab) 9:45-46, Jan. '28.
—treatment of carcinoma of the uterus, (O. N. Meland) Radiol.Rev.andChicagoM.Rec. (ab) 9:570, Dec. '28.
—x-rays and radium in the control of, (G. S. Pfahler) Radiol.Rev. (ab) 9:335, July '28.

CARBUNCLE
—newer concept of management, (A. D. Willmoth) 9:486-491, Nov. '28.
—treatment of, (C. L. Hustead) 9:22-25, Jan. '28.

CARLSON, A. J., Physiological effects of heat, 9:343-346, Aug. '28.

CARR, G. H., Observations on fifty skin cancers and other chronic skin lesions successfully treated with x-ray, VirginiaM.J. (ab) 9:86, Feb. '28.

CASE, J. T., Roentgenological aid in the diagnosis of ileus, Am.J.Roentgenol. (ab) 9:513-514, Nov. '28.

CATHODE RAYS
—clinical experience with the therapeutic application of cathode rays, (W. Baensch and R. Finsterbusch) Munchen.med.Wchnschr. (ab) 9:282, June '28.
—further clinical observations in cathode ray treatment, (Baensch and Finsterbusch) Klin. Wchnschr. (ab) 9: 429, Sept. '28.

CHEST
—physical and roentgen examinations, certain factors militating against accurate correlation of, (F. M. Pottenger) Am.J.M.Sc. (ab) 9:470, Oct. '28.

CHIEVITZ, OLE, Light treatment in cases of surgical tuberculosis, Acta.radiol.—Fortschr.d.Med. (ab) 9:45, Jan. '28.

CHIZZOLA, G., Treatment of acute anterior poliomyelitis with x-rays, diathermy and electricity, Radiol.med.—J. deRadiol.et l'electrol. (ab) 9:111, Mar. '28.

CLARK, A., Postural defects, correctable in school physical education classes, Calif.&West.Med. (ab) 9:383, Aug. '28.

CLEMENT, G., Physiological action of diathermy in lobar pneumonia, 9:199-202, May '28.

COLE, L. G., Status of roentgenology in gastro-enterology, Surg. Clin. North America (ab) 9:514, Nov. '28.

COLITIS
—simple, (B. A. Rhinehart) Radiol. Rev. (ab) 9:509, Nov. '28.

COLLINS, C. W., Excision of prostatic bar by the cutting current, Phys.Therap. (ab) 9:234-235, May '28.

COLON
—roentgenology of, (J. W. Larimore) Am.J.Roentgenol. (ab) 9:511, Nov. '28.

CONSTIPATION
—constipation, (H. W. Sigmond) 9:311-316, July '28.

CORBETT, J. J., Diseased tonsils, the evolution of their treatment, 9:357-363, Aug. '28.

COTTON, A., Giant cell tumor of the spine, Am.J.Roentgenol. (ab) 9:511, Nov. '28.

COULTER, J. S., A hospital physical therapy department, J.A.M.A. (ab) 9:239, May '28.

CRAIN, R. C., Primary malignant tumors of the neck and their treatment, Ill.M.J. (ab) 9:472-473, Oct. '28.

CRANCE, A., A new epididymis clamp for diathermy, J.Urol. (ab) 9:384, Aug. '28.

CRUZ, M. C., Ultraviolet rays as adjuvant in the treatment of leprosy, J.PhillipineIslandsM.A. (ab) 9:380, Aug. '28.

CUNNINGHAM, J. H., Employment of physical agents in urology, 9:266-269, June '28.

CUSHWAY, B. C., and **MAYER, R. J.,** Radiation therapy in the treatment of inoperable carcinoma, Ill.M.J. (ab) 9:77, Feb. '28.

D

DALAND, E. M., Use and abuse of radium, NewEnglandJ. Med. (ab) 9:569-570, Dec. '28.

DEAFNESS
—newer physical aids in the diagnosis and treatment of partial deafness, (A. R. Hollender and M. H. Cottle) 9:145-151, Apr. '28.

DEATHS
—Robert Knox, D. Kobak (ed) 9:560, Dec. '28.

DECKER, P., Indications for radium therapy in uterine carcinoma, Schweiz.med.Wchnschr. (ab) 9:428, Sept. '28.

deCUNNHA, P., and **POVIOA, H.,** Healing of tuberculous ulcer of the mouth by high frequency current, Brasil med.—Fortschr.d.Med. (ab) 9:92, Feb. '28.

DeHERM and **DeBRANCAS,** Diabetic gangrene cured by diathermy, J.deRadiol.et d'electrol. (ab) 9:128-139, Mar. '28.

deLAROQUETTE, M., Tumor of the pancreas and the stomach treated by radiotherapy and diathermy, J.deRadiol.et d'electrol. (ab) 9:94, Feb. '28.

DERMATOLOGY
—diathermocoagulation in dermatology, (M. Mienicki) PrzelgadDermat.—Fortschr.d.Med. (ab) 9:239, May '28.
—use of the wood light, (H. Fuhs) Dermat.Wchnschr.(ab) 9:91, Feb. '28.
—x-ray dosage in the practice of, (Thedering) Munchen. Med.Wchnschr. (ab) 9:281, June '28.
—x-rays, radium, endothermy and other physical agents in, (J. J. Eller) PhysicalTherap. (ab) 9:86, Feb. '28.

DESJARDINS, A. U., Council on physical therapy, organization, scope and activities, J.A.M.A. (ab) 9:512, Nov. '28.
Effect of irradiation on the suprarenal gland, Am.J. Roentgenol. (ab) 9:513, Nov. '28.

DIATHERMY
—accidents in the application of, (A. Laquerriere) J.Med. franc. (ab) 9:136, Mar. '28.
—adjuvant action of diathermy in nasal accessory sinus disease, (C. R. Brooke) PhysicalTherap. (ab) 9:424, Sept. '28.
—effect of high frequency current (d'Arsonval) on the skin, (I. I. Sohmimankn and L. S. Bermann. Urol. and Cutan.Rev. (ab) 9:512-513, Nov. '28.
—angiopathies and diathermy, (A. Zimmern) ProgressMed. (ab) 9:238, May '28.
—application of high frequency currents in otorhino-laryngology, (J. Kelsmortel) LeScapel (ab) 9:428, Sept. '28.
—burns, their origin and prevention, (Kowarschik) Die Aertz.Prax. (ab) 9:285, June '28.
—clinical end results following diathermy in gynecologic conditions, (M. N. Hyams) Am.J.Obst.&Gynec. (ab) 283, June '28.
—complete retention of urine of protatic origin treated by electrocoagulation, (J. G. Remijuse) Am.J.Phys. Therapy (ab) 9:381, Aug. 28.

—deep diathermic effect, (Kurtzahn and Frey) Mitt.a.d. Grenzgeb.d.Med.u.Chir. (ab) 9:91, Febr. '28.
—diathermy, (N. E. Titus) J.M.Soc.New.Jersey (ab) 9: 333, July '28.
—diathermic heat is not the result of the Joule effect, (H. Bordier) Presse.med. (ab) 9:237, May '28.
—diathermal penetration from the clinician's standpoint, (H. D. Holman) 9:71-73, Feb. '28.
—effect on the elasticity of the vascular walls, (A. Dumas and A. Chevalier) J.deRadiol.et d'electrol. (ab) 9:95, Feb. '28.
—electrocoagulation of vesical neoplasms under water with adjustable electrode, (G Timberlake) J.Urol. (ab) 9:470-471, Oct. '28.
—experimental, measurement of lung temperature, (C. A. L. Binger and R. V. Christie) J.Exper.Med. (ab) 9:141-142, Mar. '28.
—experimental study conditions necessary for the production of local heat in lungs, (C. A. L. Binger and R. V. Christie) J.Exper.Med. (ab) 9:142, Mar. '28.
—experimental study, temperature of the circulating blood, (C. A. L. Binger and R. V. Christie) J.Exper.Med. (ab) 9:142, Mar. '28.
—in abdominal affections, J. med.franc. (ab) 9:138, Mar. '28.
—in cancer therapy, (G. Kolischer) 9:351-353, Aug. '28.
—in ophthalmology, (A. Monbrun and M. Casteran) J. Med.franc. (ab) 9:136, Mar. '28.
—in the treatment of certain circulatory affections, (Morel Kahn) J.Med.franc. (ab) 9:136, Mar. '28.
—in the treatment of lobar pneumonia, (J. S. Hibben) Am. J.PhysicalTherap. (ab) 9:432, Sept. '28.
—indications of the millimeter in the evaluation of the heat produced by diathermy currents (H. Bordier) Brit.J.Radiol. (ab) 9:471-472, Oct. '28.
—interpretation of, (D. Kobak) (ed) 9:408-410, Sept. '28.
—is the present conception of diathermy scientific? (D. Kobak) (ed) 9:276-277, June '28.
—its practical application and technic, (J. E. G. Waddington) 9:538-541, Dec. '28.
—medical, (F. Nagelschmidt) 9:499-504, Nov. '28.
—medical aspects of heat, (M. W. Peyser) VirginiaM. Monthly (ab) 9:235, May '28.
—medical, in chronic middle ear deafness, (C. McKenzie) Am.J.Phys.Therapy (ab) 9:381-382, Aug. '28.
—observations on the use of diathermia for the prevention and treatment of surgical shock, (U. V. Portmann) 9:385-388, Sept. '28.
—or galvanization? (J. Kowarschik) Wien.Klin.Wchnschr. (ab) 9:54, Feb. '28.
—physical agents in general practice, (J. H. Kooiker) MinnesotaMed. (ab) 9:333, July '28.
—physical principles and physiological effects of, J.Med. franc. 9:111, Mar. '28.
—physiological effects of heat, (W. T. Johnson) Phys.Therap. (ab) 9:234, May '28.
—prevention of burns by diathermy, (Kowarschik) Die AerztlichePraxix) (ab) 9:426, Sept. '28.
—recent indications for diathermy and electrocoagulation, (G. Nobl and O. Glassberg) Wien.Klin.Wchnschr. (ab) 9:64, Feb. 28.
—six years' experience with diathermy in pneumonia, (H. E. Stewart) 9:437-439, Oct. '28.
—surgical, selected surgical procedures with, (G. E. Ward) 9:433-436, Oct. '28.
—treatment of fissure ani, (J. Kowarschik) Wien.Klin. Wchnschr. (ab) 9:7, Jan. '28.
—treatment of weak pains with diathermy, (H. Weitz) DeutscheMed.Wchnschr. (ab) 9:427, Sept. '28.
DILLINGER, G. A., Electrocoagulation of the tonsils, 9: 480-486, Nov. '28.
—valuable aid to the industrial surgeon, (E. M. Stansbury) 9:108-111, Mar. '28.
DIVERTICULA
—of the stomach, (W. F. Kalbfleisch) Am.J.Roentgenol. (ab) 9:517-518, Nov. '28.
DOGNON, A., The influence of temperature upon the biologic action of x-rays, 9:55-59, Feb. '28.
DORNO, C., Glass which transmits ultraviolet rays, Strahlentherapie (ab) 9:517, Nov. '28.
DRIPS, D. G. and FORD, F. A., Irradiation of the ovaries, and hypophysis in disturbances of menstruation, J.A. M.A. (ab) 9:566-567, Dec. '28.
DRUECK, C. J., Status of physical measures in the treatment of anal and rectal diseases, 9:403-407, Sept. '28.
DUBOIS, L. C., Some experiences with the use of radium in urology, 9:491-495, Nov. '28.
DUHEM, P., Action of diathermy in poliomyelitis, J.med. franc. (ab) 9:137-138, Mar. '28.
DUKE, W. W., Physical therapy in the treatment of illnesses caused by light, heat, cold, mechanical irritation and by mental or physical exertion, 9:193-198, May '28.

—the therapeutic spectrum, (E. N. Kime and K. D. Ayers) Am.J.Phys.Therap. (ab) 9:568, Dec. '28.
—the developing relations of the physical sciences to dentistry, medicine and pharmacy, (A. R. Hollender) (ed) 9:277-278, June '28.
—therapeutic spectrum, (E. M. Kime and K. D. Ayers) Am.J.PhysicalTherap. (ab) 9:431-432, Sept. '28.
—treatment of postfebrile conditions with special reference to the influenzal type, (B. H. Sherman) 9:114-118, Mar. '28.
—tumor of the pancreas and the stomach treated by radiotherapy and diathermy, (M. de Laroquette) J.deRadiol. et d'Electrol. (ab) 9:94, Feb. '28.
—value of, in the clinic, (J. C. Elsom) Am.J.Surg. (ab) 9:233, May '28.
—vital problems in teaching physical therapy, (J. C. Elsom) 9:298-301, July '28.

PIGMENT
—on the effect of pigment on the guantity of infra-red rays reflected by the skin, (W. Kartschagin) Ztschr.f.d. Gts.Phys.Therap. (ab) 9:519, Nov. '28.

PNEUMONIA
—diathermy in, (F. B. Freeland) M.Sentinel (ab) 9:511, Nov. '28.
—physiological action of diathermy in lobar pneumonia, (G. Clement) 9:199-202, May '28.
—use of diathermy in treatment, (N. J. Seybold) Ohio StateM.J. (ab) 9:240, May '28.

POLIOMYELITIS
—action of diathermy in, (P. Duhem) J.med.franc. (ab) 9:137-138, Mar. '28.
—acute anterior, treatment with x-rays, diathermy and electricity, (G. Chizzola) Radiol.med.—J.deRadiol.et d'Electrol. (ab) 9:111, Mar. '28.
—presentation of case treated by radio-diathermotherapy, (H. Bordier) J.deRadiol.et d'Electrol. (ab) 9:87, Feb. '28.

POLAK, J. O., Present status of therapy of cancer of uterus, Radiol. Rev. (ab) 9:509, Nov. '28.

PONZIO, M., Experiments of selective ray treatment on vegetable tumors, Brit.J.Radiol. (ab) 9:472, Oct. '28.

PORCHER, P., Localizers for local actinotherapy, J. deRadiol. (ab) 9:90, Feb. '28.

PORTMANN, U. V., Observations on the uses of diathermy for the prevention and treatment of surgical shock, 9:385-388, Sept. '28.

POSTURE
—defects, correctable in school physical education classes, (A. Clark) Calif.andWest.Med. (ab 9:383, Aug. '28.

POTTENGER, F. M., Certain factors militating against accurate correlation of physical and roentgen ray examinations of the chest. Am.J.M.Sc. (ab) 9:470, Oct. '28.

PREGNANCY
—electrotherapy in the treatment of vomiting in pregnancy, (I. H. Jones) J.ArkansasM.Soc. (ab) 9:189, Apr. '28.
—indication for the interruption of after irradiation of the gravid uterus, (F. Sachs) Med.Klin. (ab) 9:127, Mar. '28.
—therapeutic interruption by roentgen rays, (W. Furst) Strahlentherapie (ab) 9:286, June '28.

PREVOST, J. M. E., Physical therapy, L'Ind.Med. (ab) 9:93-94, Feb. '28.

PROSTATE
—excision of prostatic bar by the cutting current, (C. W. Collings) Phys.Therap. (ab) 9:234-235,May '28.
—experiences with roentgen therapy in prostate phyertrophy, (R. Oppenheimer) Urol.andCutan.Rev. (ab) 9:512, Nov. '28.

PRURITIS
—senilis, a new method of treating, (J. Borak) Strahlentherapie (ab) 9:517, Nov. '28.

PSORIASIS
—actinotherapy in, (L. Marceron) ParisMed. (ab) 9:232, May '28.

PUGH, W. S., Gonorrhea in women, its treatment by diathermy, Phys.Therap. (ab) 9:281-282, June '28.

PUTNAM, G. W., Radiant heat and light in the treatment of leg ulcers and allied conditions, 9: 112-114, Mar. '28.

PYORRHEA ALVEOLARIS
—use of x-rays as an acid in the treatment of, (M. A. Lyons) PhysicalTherap. (ab) 9:86, Feb. '28.

R

RADIATION
—excessive, effect with ultraviolet light on growth of rats, (J. L. Leigh-Clare) Biochem.J. (ab) 9:86, Feb. '28.
—experimental contributions to the study of the antagonistic effect of irradiations of different wave lengths, (L. Armani) Radiol.Med.Fortschr.a.d.Geb.d.Roentgenstrahlen (ab) 9:131, Mar. '28.
—for children, (Rene Weil) J.deMed.deParis (ab) 9:17, Jan. '28.
—irradiations at our disposal as substitutes for ovary irradiations in young women, (P. Wiener) Wien.Klin. Wchnschr. (ab) 9:48, Jan. '28.
—radiation therapy in benign uterine hemorrhage, (C. L. Martin) TexasSt.J.Med. (ab) 9:522, Nov. '28.
—testing the sensitivity of the skin to, (Leopold Freund) Wien.Klin.Wchnschr. (ab) 9:48, Jan. '28.

RADIOACTIVITY
—radioactivity, (Hougardy) LiegeMed. (ab) 9: 425, Sept. '28.

RADIOTHERAPY
—dose in cutaneous, (Schulte) Munchen.Med.Wchnschr. (ab) 9:236, May '28.

RADIUM
—application to pelvic lesions, complications following, (L. J. Stacy) Am.J.Roentgenol. (ab)9:380, Aug. '28.
—and blood cholesterol, (C. E. Brunton) Quart.J.Med. (ab) 9:85, Feb. '28.
—in the treatment of uterine hemorrhage, (H. Swanberg) Radiol.Rev. (ab) 9:330, July '28.
—malignancy of the larynx and esophagus treated by radium emanation, (F. R. Herriman) M.Herald (ab) 9: 384, Aug. '28.
—observations on the biochemical changes in the blood following radium therapy, (H. B. Mathews and V. P. Mazzola) Am.J.Obst.&Gynec. (ab) 9:474, Oct. '28.
—physical basis of radium therapy, (Friedrich) Fortschr. d.Med. (ab) 9:93, Feb. '28.
—radioactor—a simplified radium emanation apparatus, (M. H. Zimmerman) Fortschr.Med. (ab) 9:47, Jan. '28.
—radium therapy in the treatment of benign and malignant conditions of the eye, (V. T. Lenth and W. L. Brown) Radiol.Rev.(ab) 9:331, July '28.
—radium therapy of tuberculous skin and gland diseases, (P. Algrais and A. Bettot) PresseMed. (ab) 9:516, Nov. '2.
—some experiences with the use of, in urology, (L. C. Dubois) 9:491-495, Nov. '28.
—treatment of a case of lung and pleural metastases from carcinoma of the breast, (K. Bross and R. Weekonski) Med.Prak.—Fortschr.d.Med. (ab) 9:282, June '28.
—treatment of cavernous hemangioma and of epulis, (A. Strauss) Am.J.Radiol. (ab) 9:335, July '28.
—treatment of epulis, (A. Soiland, W. E. Costolow and O. N. Meland) Radiol.Rev. (ab) 9:334-335, July '28.
—treatment of tonsils and other lymphoid tissue in the throat, (F. H. Williams) Am. J. Roentgenol. (ab) 9: 335, July '28.
—use and abuse of, (E. M. Daland) NewEnglandJ.Med. (ab) 9:569-570, Dec. '28.

RAJEWSKY, B., Practical apparatus for measurnig dosage of ultraviolet rays, Strahlentherapie (ab) 9:515, Nov. '28.
